## EDUCATION

### COURSES OF MODERN PROGRAMMING IT-RUN

28 June 2021y. --- 27 January 2022y.

During the course I achieved great success in programming, together with the group I did many projects and solved tasks. Joined the society and made many friends. **And most importantly became the best graduate of the course**

### COURSES ON UDEMY BY IVAN PETRICHENKO JAVASCRIPT + REACT/REDUX

14 May 2022y. --- studying now

This course is aimed at learning **JavaScript** in detail without water, but the main thing is to immediately put it into practice.

The second part of the course is the study of the most popular JavaScript-based library - **React.js** with all the necessary technologies (including **Redux**)
